

| Physical and chemical specification table | |
|--------------------------------------------------|------------------------------------------|
| Appearance | White granule |
| Humidity | 2-3 |
| Density | 1.2 |
| pH | 6-7 |
| Solubility | Insoluble in aqueuse solutions |
| Particle Size | > 2-5 mm 61% < 2 mm 20% < 1 mm 19% |
| Storage Stability | Stable > 7 years |
| Total Absorption* | 220-500 g of water |
| Toxicity | None toxic |

* 1 gram of Super AB A200 absorbs 220-500 grams of water
